Adult Day Care

Adult Day Care is designed to provide care and companionship for seniors who need assistance or supervision during the day. The program offers relief to family members or caregivers and allows them the freedom to go to work, handle personal business or just relax while knowing their relative is well cared for and safe.

The goal of the program is to delay or prevent institutionalization by providing alternative care, to enhance self-esteem and to encourage socialization.

Holidays are a great time for caregivers to have a much needed rest.

Services offered include exercise, small group and individual activities, socialization, supervision, family counseling, nutritious meals, transportation, and respite care.

The benefit is that care givers may continue to work outside the home, receive help with the care of a loved one, avoid the guilt of placing a loved one in an institution, and receive assistance with activities of daily living with dignity.

About Constant Love

The company was started by Kevin St.Clair in 2008 to provide a back to basics approach to care for our seniors.

Kevin grew up with his grandmother in Ohio and promised to take care of her the way she took care of him. (At 88 she is still caring for others and in good health.) He has worked in the senior

living industry since 1997 as a caregiver, counselor, recreation director, and executive director.

With the loss of his aunt, uncle, and dad in the same year, Kevin had increased wisdom on the importance of the care provided to our seniors as well as the importance of family. Several close friends had loved ones that needed care and wanted to remain in their own homes.

With prayer, Constant Love LLC was named to give families the home care and support they need to live independently and with dignity.

And now these three remain: faith, hope, and love. But the greatest of these is love.
